SIMPLICITY AND BEAUTY: THE FUTURE OF THE MEGAFORMER SERIES

As the 8th installment of the Megaformer series, the Mega Pro is designed and built on the same frame as the M3 Megaformer series, making it a true advancement in the Megaformer collection. However, borrowing from the simplicity and sleekness of the EVO line, the Mega Pro is delicately designed with a simpler and cleaner exterior, giving it a sleek, streamlined appearance in studios.

CUTTING-EDGE ADVANCES OF THE MEGA PRO

The Mega Pro is a true testament of advances in the Megaformer series. The redesigned Platform Lift as well as the carriage are instantly identifiable in both its appearance and functionality when in use. As the newest and most well-regarded platform and carriage of the Megaformer series, all future Megaformer models will utilize these same components.

FEATURES

BENEFITS OF THE MEGA PRO’S NEW PLATFORM LIFT - DESIGNED WITH HINGES

Designed utilizing hinges, the revolutionary Platform Lift allows users to move smoothly through classes while also protecting the joints and connective tissues more than ever before. By allowing the rear and front platforms to lift to various angles, users can more easily stabilize their joints during movements and activate slow-twitch muscles to ensure less impact is placed on the joints and less inflammation occurs in connective tissues during and post workout.

FEATURES

SPRING COMPARISON

There are eight springs on the Mega Pro. Two Heavy (Gray), five Light (Black), and one Super Light (White). Below is the spring comparison based on the position.

	6	7	8	9	10
white	0.5 KG	1.0 KG	1.6 KG	2.2 KG	2.7 KG
black	0.9 KG	2.0 KG	3.2 KG	4.3 KG	5.4 KG
gray	1.8 KG	10.4 KG	19.1 KG	27.7 KG	36.3 KG

FEATURES

BENEFITS OF THE MEGA PRO’S WHITE SPRINGS

The Mega Pro introduces the White Springs, the lightest springs to hit the Lagree Fitness market. Half the resistance of the former lightest spring, the White Springs increases the difficulty of movements on the front of the Mega Pro (for more advanced Lagree users) and makes movements easier (for beginner Lagree users) on the rear of the Mega Pro.
