INTRO

NEVER-SEEN-BEFORE FEATURES
& TECHNOLOGY

If there is anything we learned from the pandemic, it’s this: home fitness is here to stay. However, it remains important that the fitness industry, including our team at Lagree Fitness and all Lagree Fitness studios, look for innovative, cost-effective ways to provide fitness enthusiasts with more options than ever before.

INTRO

FOR HOME & STUDIO USE

Whether you are a consumer or a Lagree Fitness studio owner, you're looking to take a groundbreaking step toward the future of effective, accessible, and affordable fitness by considering the latest addition to the Lagree Fitness equipment line-up: The Mini Pro.

DIMENSIONS

THE MINI PRO: NUMBERS

Twice the size and nearly three times the weight of the Micro, the Mini Pro provides more versatility and space for serious Lagree Method movements. Whether you're a fitness lover or a Lagree studio owner, the Mini Pro sets the bar high.

SPRINGS

FEATURES

LOW-IMPACT. HIGH-INTENSITY

Like the Megaformer, the Evo, and the Micro, the Mini Pro delivers low-impact, high-intensity, full-body workouts for users of all fitness levels. This incredible machine builds cardio endurance, muscular strength, muscular endurance, core strength, and improves both balance and flexibility. Meet the Mini Pro, the machine that will transform any body composition.

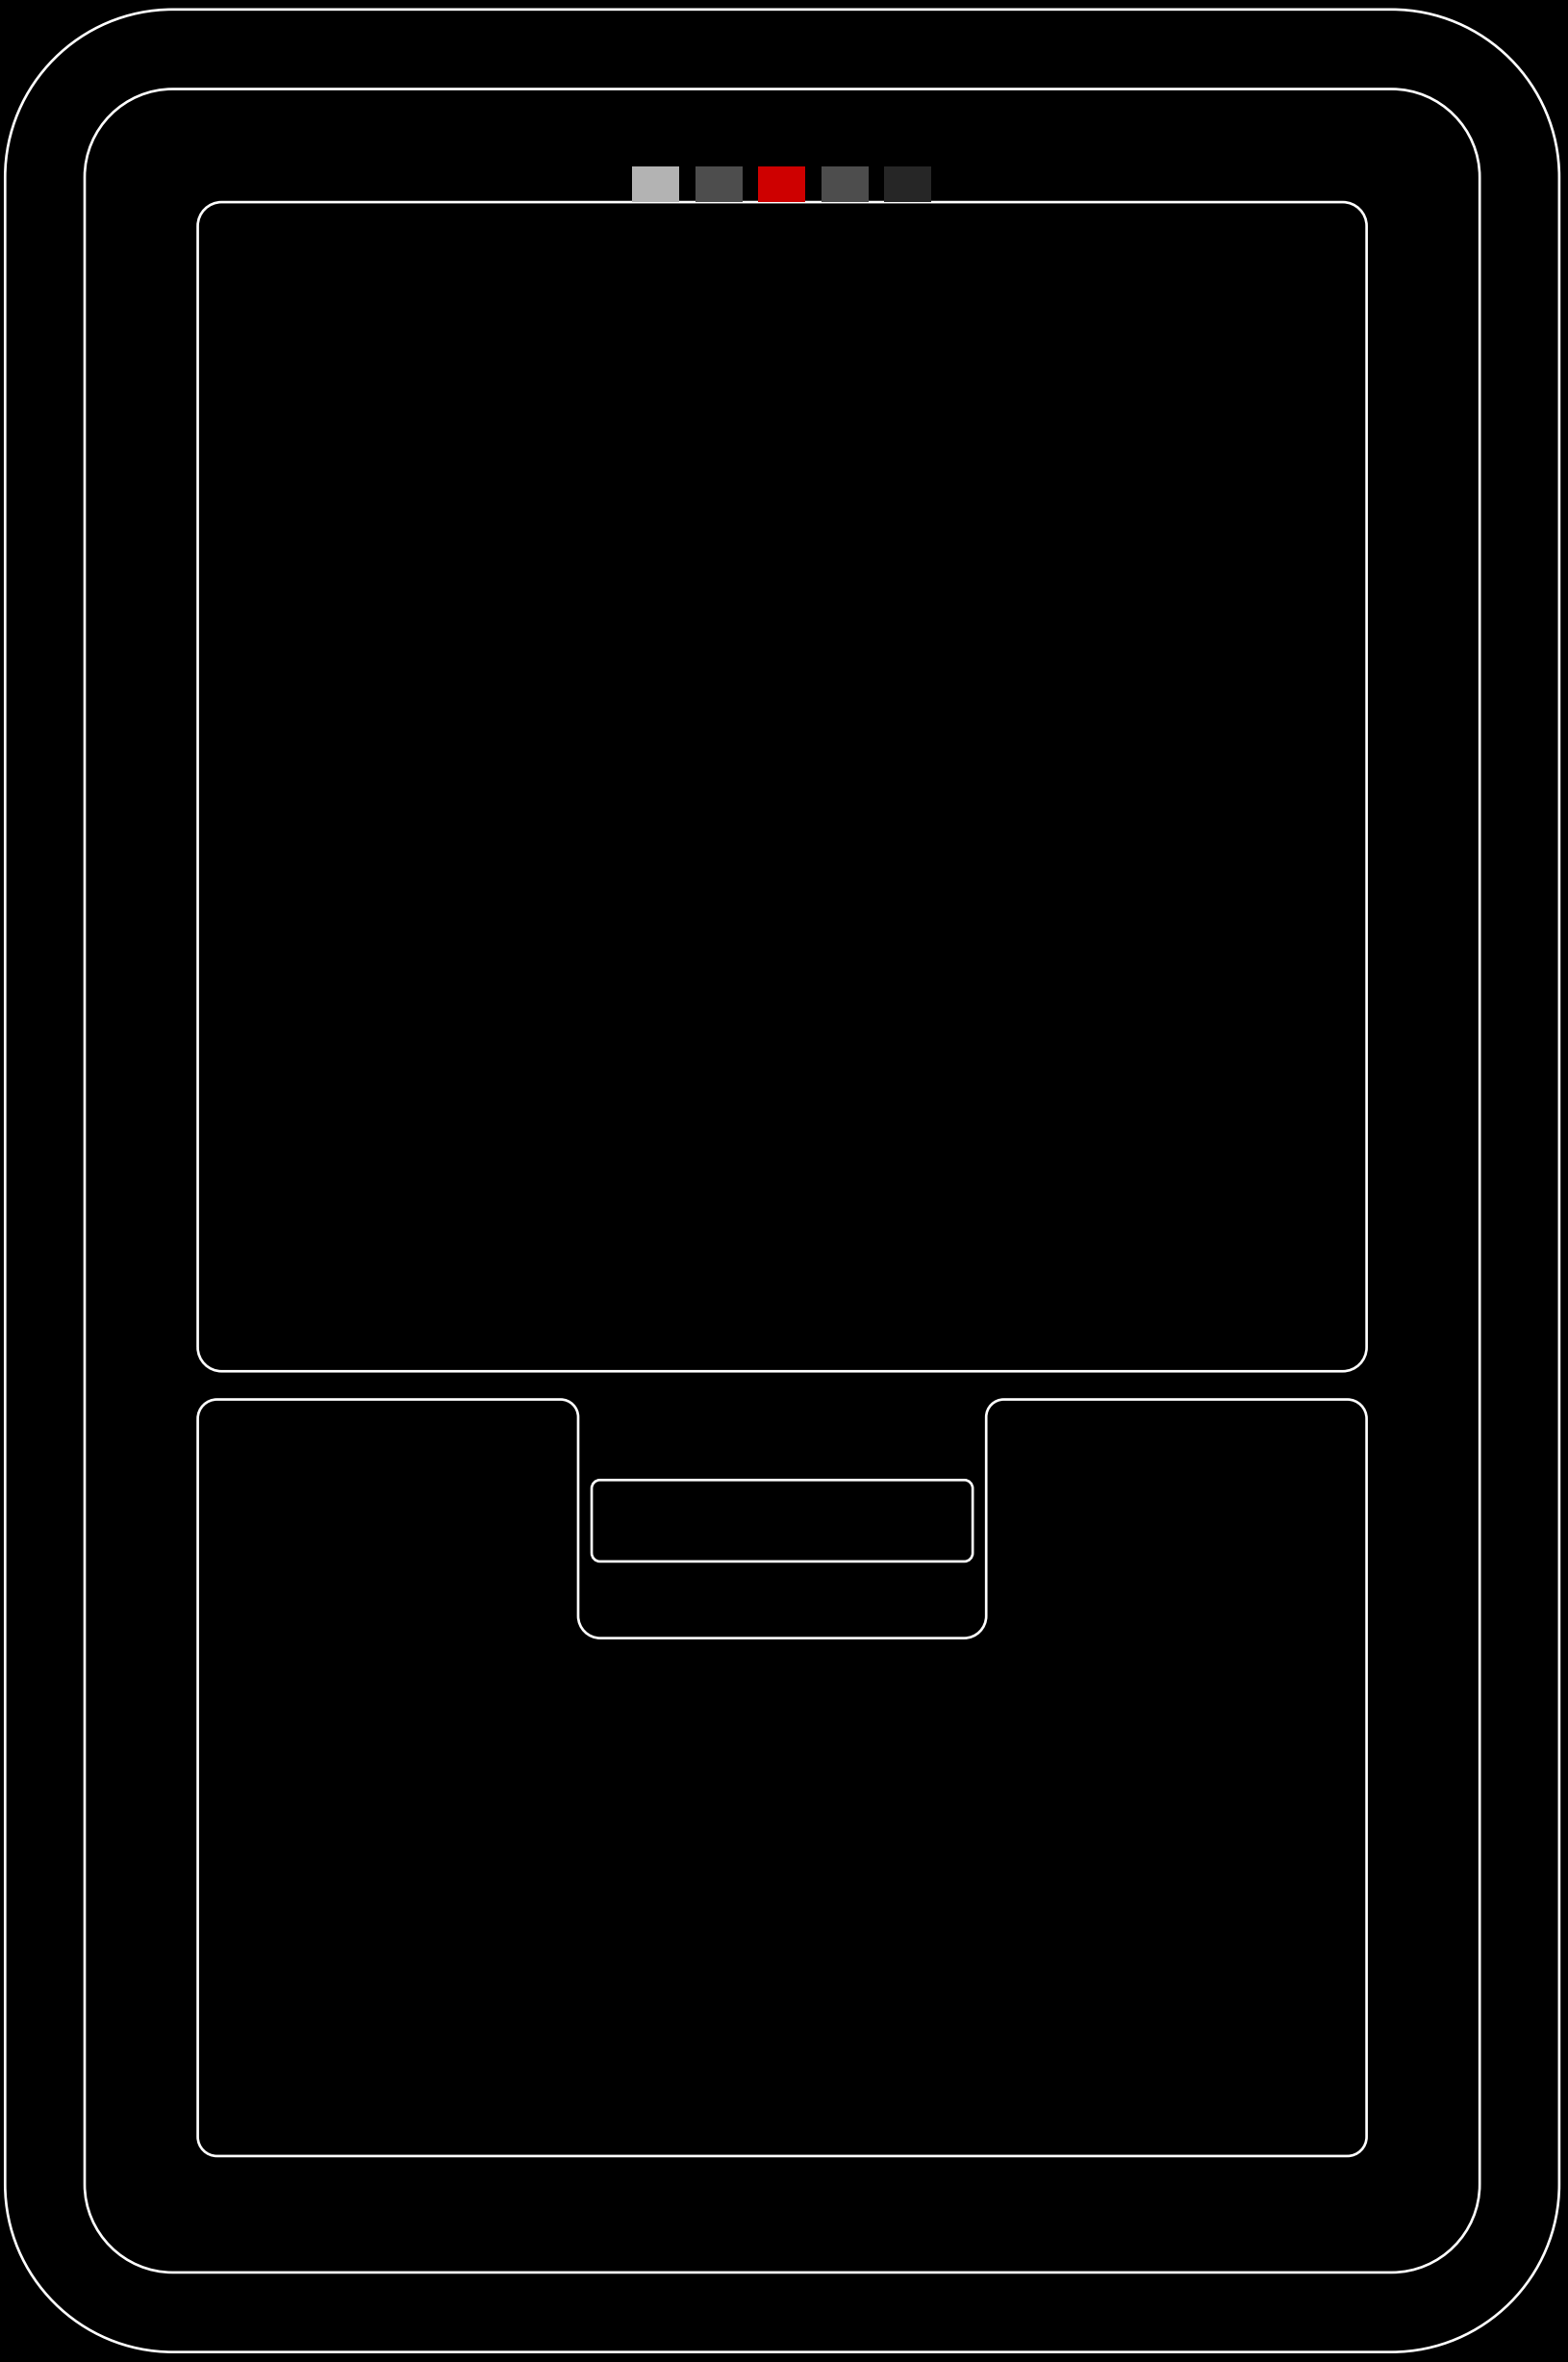

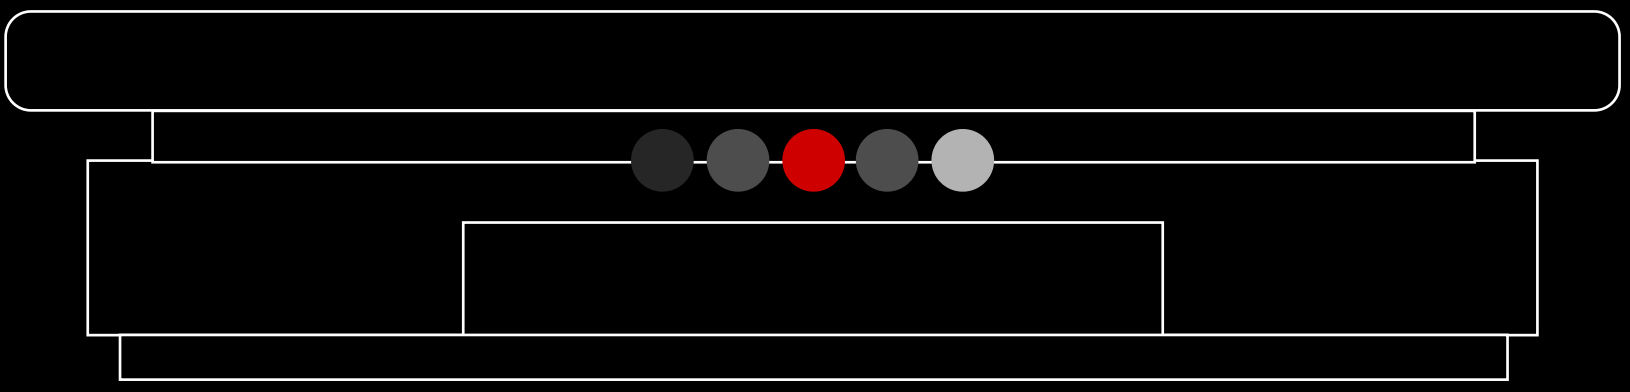

FEATURES

SPRINGS

The Mini Pro has 5 springs for a combined tension of over 73 kg! The superfast spring change tech makes the workouts super smooth. There are four types of springs:

- super light
- light
- medium
- heavy

FEATURES

A FLIP-UP PLATFORM

The platform pivots to 6 different angels. It can also be used in a full vertical lift as a handlebar. With the platform lifted, users can perform many of the most effective and intense exercises in the Lagree Fitness repertoire.

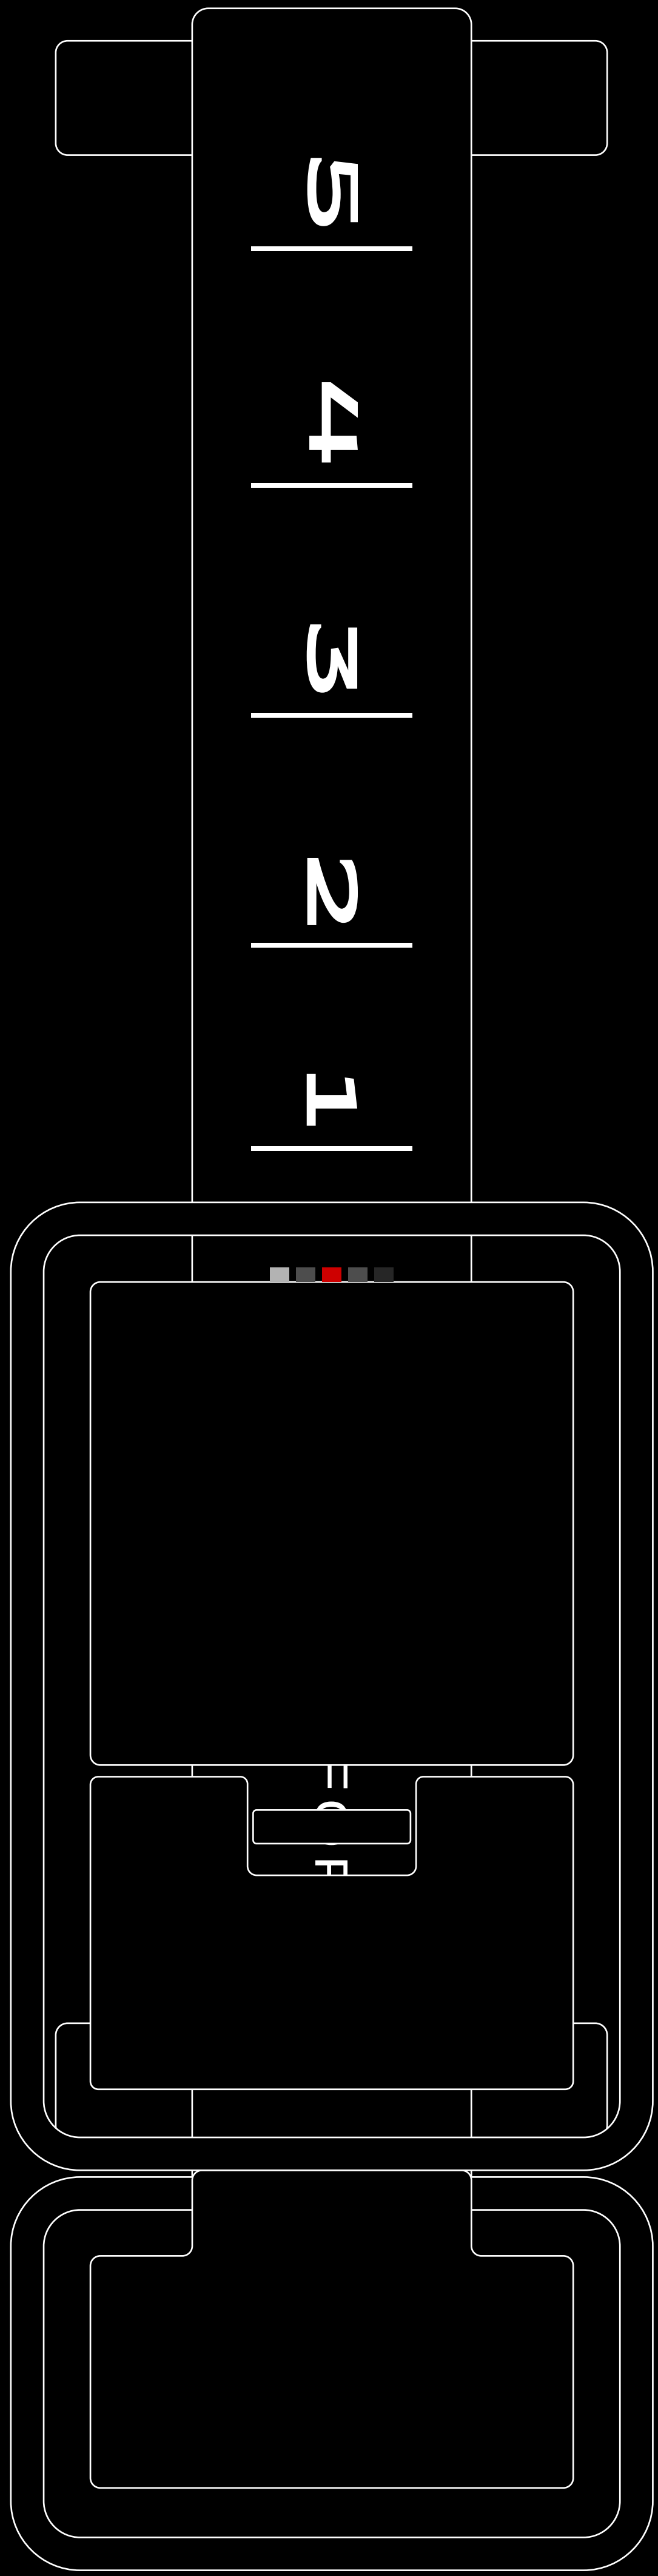

0°, 15°, 30°, 45°, 60°, 90°

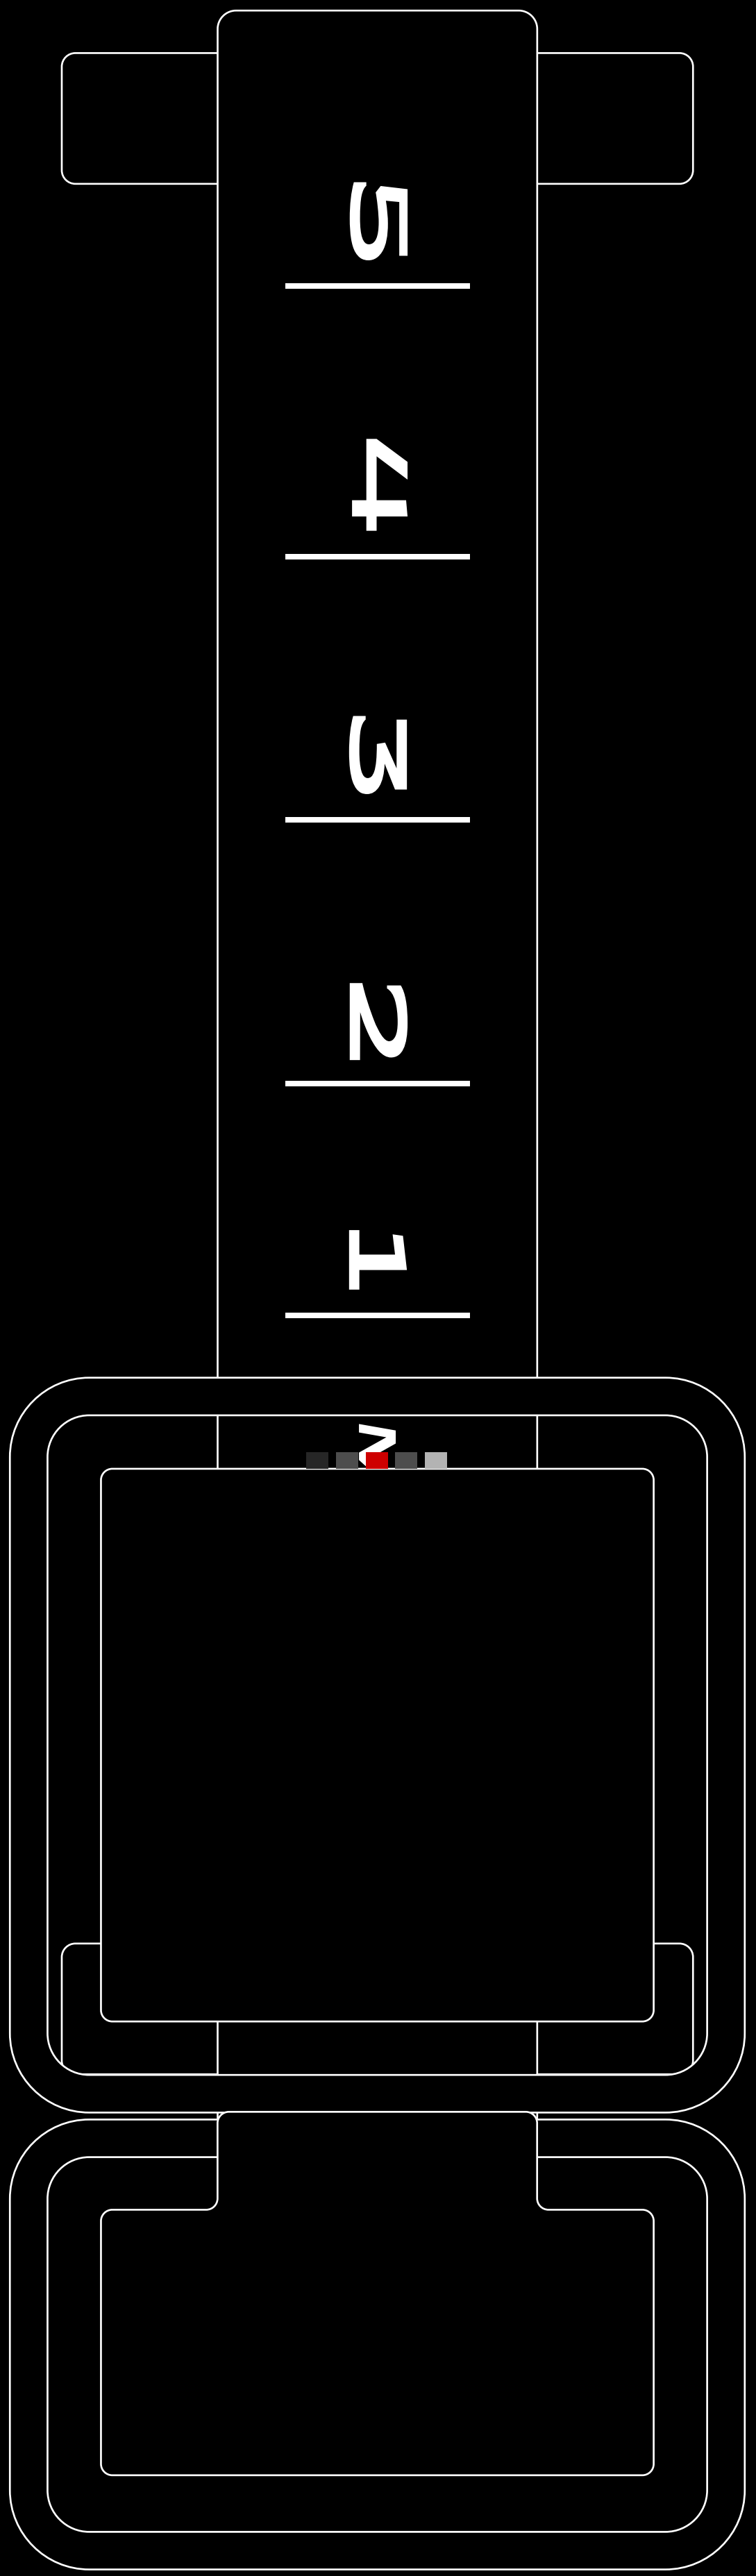

FEATURES

LONGER FRAME & CARRIAGE

The Mini Pro has a longer carriage then the Mini, that will allow users to execute exercises with greater range of motion to target every muscle group of the body. The carriage is equiped with its own platform that can be flat or form a 15° angle.

THE MINI PRO: BASE UNIT

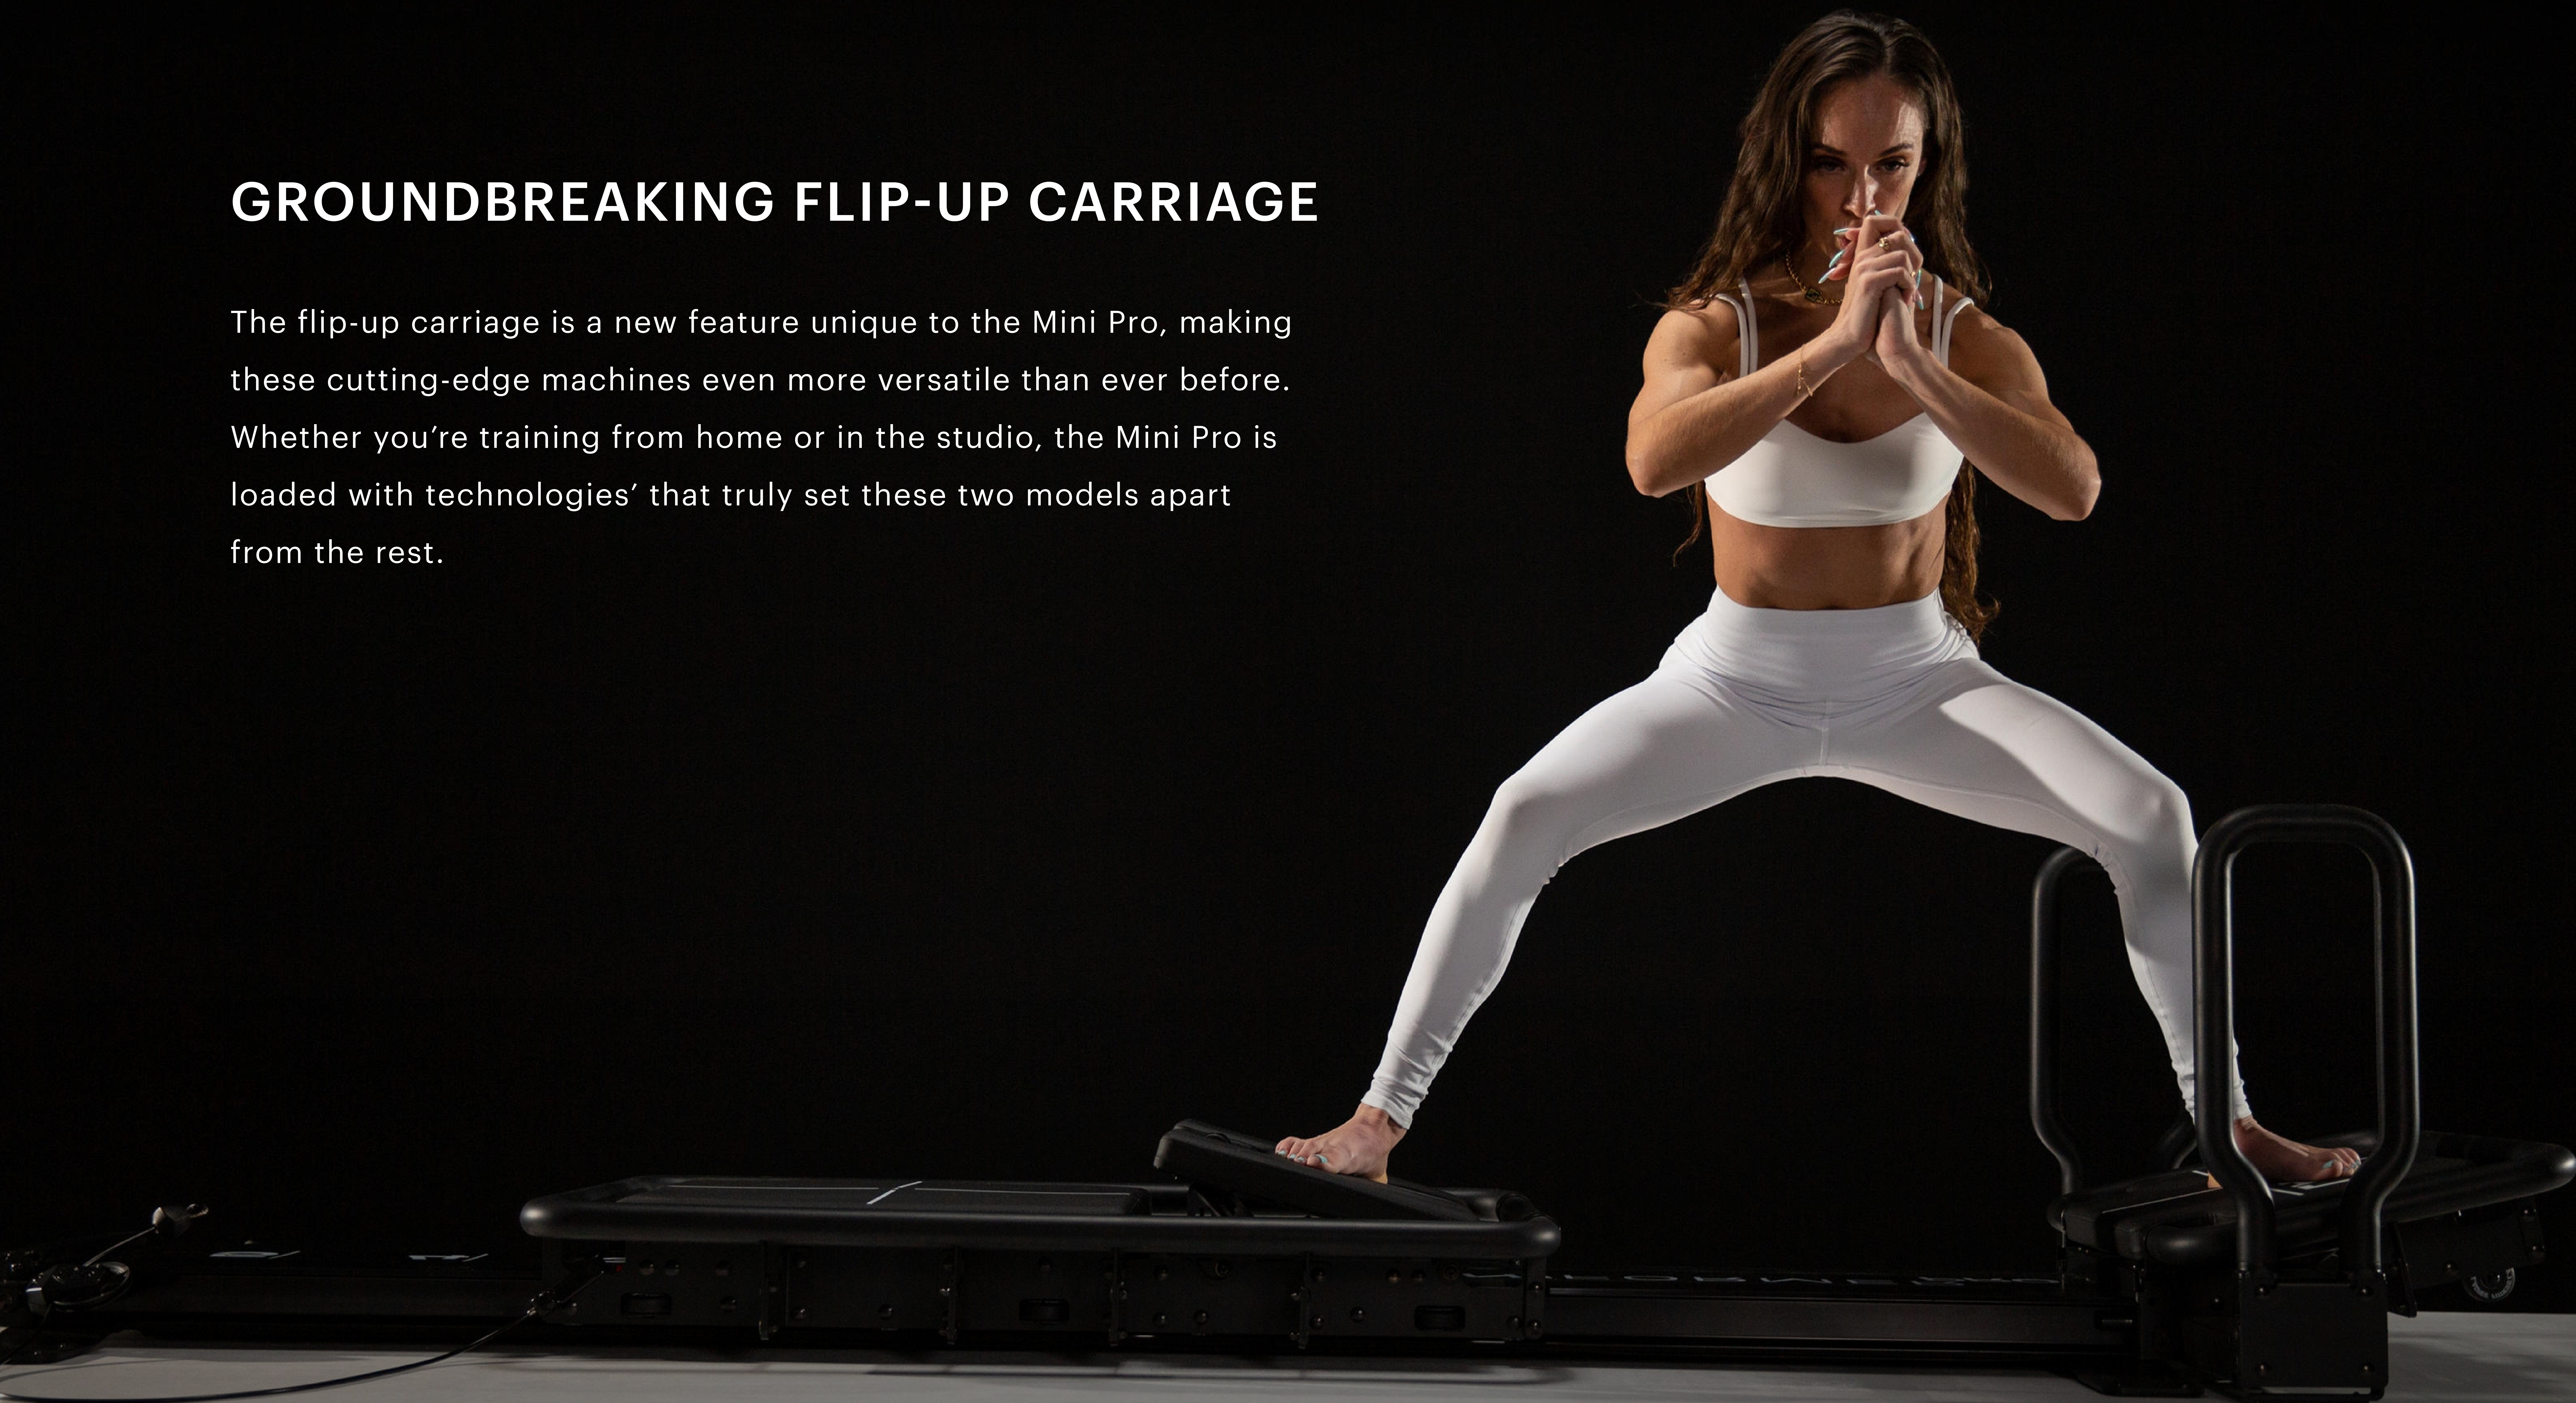

THE MINI: BASE UNIT

FEATURES

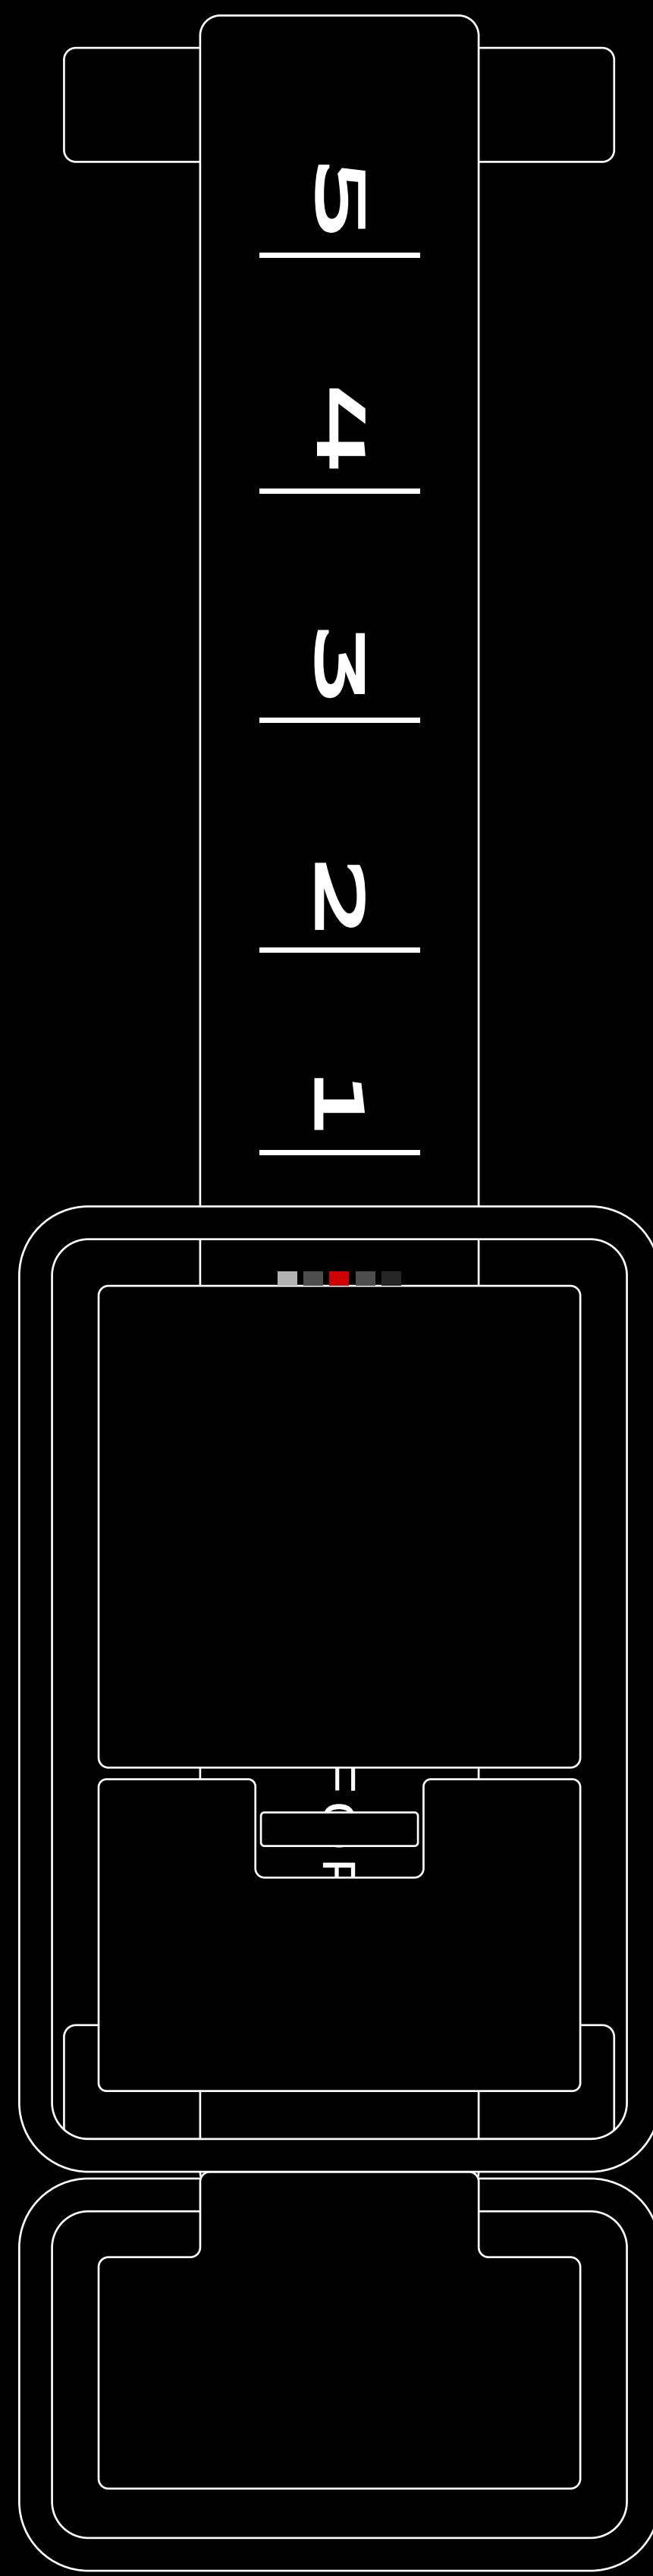

GROUNDBREAKING FLIP-UP CARRIAGE

The flip-up carriage is a new feature unique to the Mini Pro, making these cutting-edge machines even more versatile than ever before. Whether you're training from home or in the studio, the Mini Pro is loaded with technologies' that truly set these two models apart from the rest.

LIFT KIT

FEATURES

HANDLES OPTIONAL

The Mini Pro by Lagree Fitness offers specific handles designed to enhance your workout experience. These handlebars are designed to amplify your Lagree workout.

\$290

FEATURES

REAR PLATFORM OPTIONAL

The Mini Pro rear platform is an accessory designed to enhance your Lagree workout experience on the Mini Pro machine. It provides additional support and versatility for various exercises.

\$490

FEATURES

A LIFT KIT OPTIONAL

While the Mini Pro sits low to the ground (about 14 cm off the floor), we now offer the Mini Pro Lift Kit which will raise the Mini Pro to the identical height of a Megaformer. This will allow users to perform even more extended Lagree moves such as Floor Lunge and Back Lunge.
